

Provision Map

The Learning Support Department is based along the pastoral corridor next to the Learning Resource Centre.

It contains 3 teaching spaces, our Regulation Room, Study room, 2 meeting rooms and a communal office. There is also an Additionally Resourced Provision (ARP) catering for up to twenty three children with a diagnosis of Speech, Language and Communication Needs (SLCN). The Department is led by the SENDCo (Mrs Wilson) along with Deputy SENDCo (Mrs Da Costa). The team also consists of a Speech and Language Therapist and ASD specialist.

There is a team of LSAs who all have experience of working with students with special educational needs and have a variety of areas of expertise.

We work closely with all members of staff to ensure that students with special education needs receive the support they need to succeed in mainstream education.

	Universal	Targeted	Specialist
Communication & Interaction	<ul style="list-style-type: none"> • Differentiated curriculum planning, activities, delivery and outcome • Group work & team work in lessons • Key words & extended writing frameworks • 1:1 Devices.
